ROUND 1 | 9:00 AM - 10:00 AM

ROUND 2 | 3:45 PM - 4:45 PM

TABLE TALK TIPS & ASSIGNMENTS

The 2024 Annual Conference will feature two Table Talk sessions. To improve the quality of your Table Talk discussions and to give you a chance to meet and network with the most Guild Members efficiently, we've developed these Table Talk tips:

1. Do your homework ahead of time by referring to the Annual Conference program for Guild Members' contact information so you don't waste time exchanging cards with the member. Of course, you are welcome to present your card to the Guild Member while you are introducing yourself.
2. Familiarize yourself with the Guild Members' table assignments (below) in advance so you can quickly find the table where you want to begin the speed networking process. Sit anywhere except in the seat marked "RESERVED", which is reserved for the Guild Member assigned to that table.
3. Maintain speed networking etiquette. Don't dominate the conversation, ask and answer questions succinctly, take turns and keep the discussion moving. During the first Table Talk session, suggested topics will be provided to kick off the session. During the second session, there is no structure to the Table Talk sessions, which means you can talk about whatever you want with the Guild Members and your peers during this session.
4. After 12 minutes, the bell will ring to end that Table Talk round. The Guild Members will then advance to the next table (example: the Guild Member at table 1 will move to table 2 and so on). Remember, only the Guild Member(s) will change tables. Attendees should remain in their seats throughout both Table Talk sessions.
5. Don't worry! We'll explain this again before each Table Talk session and help you figure it out.

Guild Members will be prepared to discuss each topic in detail. When the bell rings and the Guild Members change tables, you can move to a different topic if you wish. You can cover the topics in any order you wish. It is up to your table to decide.
